Dear Mr. Weisberg

I am very interested in purchasing your book Whitewash Photographic. So far I have not been able to find copies of any of your books in this area

Please advise me as to price and where above book would be available.

I listened to you on T.V. and on Radio KLAC and feel your book may help solidify my thoughts about the murder of Pres. Kennedy and the sad role played by the Warren Committee "Investigation"

Sincerely Carmella Riley
